Notes: 1. The above is an extract of the detailed format of quarterly standalone financial results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the Quarterly Standalone Financial Results are available on the Stock Exchange websites: www.sebiindia.com, www.nseindia.com and company's website www.icdsltd.com. 2. The above Unaudited Standalone Financial results for the half year ended September 30, 2020 have been reviewed and approved by the Audit Committee and approved by the Board of Directors at their meeting conducted on November 10, 2020. 3. The Company carries on its business in four reportable segments viz Financial Services (recovery of loans and advances), trading, reinsurance business and others. Others include marketing of the insurance products of life and general insurance companies. The segment reporting of the Company has been prepared in accordance with Ind AS 108 Operating Segments prescribed under section 133 of the Companies Act, 2013 read with relevant rules thereunder. The Company has presented the operating segments information on the basis of Unaudited Consolidated Financial Results. 4. Other income includes dividend income, interest income, unwinding interest income on financial assets and Fair value gain/(loss) on financial assets. 5. The actual gain/losses and disclosure of re-measurement gains (losses) on defined benefit plans are arrived at the year end on actuarial valuation of the obligation by the gratuity fund. The actuarial gains/losses historically have not been material. 6. The Company does not assess any diminution in the value of investments and balances due from subsidiary and the provisions made in the books are adequate and the management is hopeful of recovery of the same at the stated values. 7. The Company has not recognised Deferred Tax Assets either on provision for doubtful debts (net of deferred tax liabilities), as a matter of prudence. 8. The Company has prepared its accounts on "going concern basis" in view of networth being positive with positive cash flows following the successful implementation of the scheme of arrangement sanctioned by the Hon'ble High Court of Karnataka and Company's plans to foray into new operations and gains out of the stock in trade of investments. 9. With respect to the income tax demand of Rs. 1,024.04 Lakhs (inclusive of interest) raised by the Income Tax Department on ICDS Limited (the Company) following the order of Hon'ble High Court of Karnataka disallowing depreciation on leased assets with respect to Block Assessment pertaining to assessment years from 1987-88 to 1997-98, the Supreme Court vide order dated February 12, 2020 has disposed the matter setting aside the orders of the Hon'ble High Court, Income Tax Appellate Tribunal (TAT) and Commissioner of Income Tax (Appeals) - I (CIT-A) and has remanded the matter back to the CIT-A for re-consideration of the matter on its own merits in accordance with law including by examining the additional material circumstances to be produced by the parties. The Company however has not received any notice from CIT-A as yet. The Company had deposited Rs. 701.71 Lakhs against the said Income Tax demand as on date. The Company had also offered one of its immovable property as security which is free of any encumbrances. The Company was earlier legally advised based on the decisions of the Appellate authorities, Courts and the interpretations of other relevant provisions and documentary material in its possession on that the disallowance of depreciation will be deleted and demand raised on account of block assessments would get vacated accordingly no proof on for tax in the books was considered necessary under the regular provisions of Income Tax Act, 1961. The Ministry of Finance, Government of India has introduced the Direct Tax Vivand Scheme (Act, 2020) (DTSV) or the Act to help tax payers end their tax disputes with the Income Tax Department by paying disputed tax and get waiver from payment of interest and penalty and also immunity from prosecution. As per the Act, the tax payers are required to remit of the disputed taxes by December 31, 2020. The Company has obtained opinion in this matter from tax consultants. The Company is also confident that in case it opts for the settlement under the scheme, there will not be any cash outflow required to be made in view of the amounts already paid under protest being higher than the liability under DTSV Scheme. The Company based on advises by the legal experts considered a detailed analysis of the cost and benefits of opting to the scheme under the Act. Considering the cost and benefit analysis and long time lines involved in closure of the cases, the Board has decided to file on the application under DTSV Scheme to settle matter at the earliest. The management is confident that the company's application under DTSV Scheme will be considered favourably by the tax authorities and would be entitled to refund of excess taxes over and above the liability under DTSV scheme. In view of the said decision of the management to opt for DTSV Scheme, the Company has made provision for income tax for earlier years to the extent of Rs. 617.96 Lakhs which is the estimated taxes payable as per DTSV scheme. 10. The outbreak of Coronavirus (Covid-19) pandemic globally and in India has caused significant disturbance and slowdown of economic activities in the country. The Company, however, believes strongly that there will not be any significant impact on its revenues. The impact on future revenue streams could come from lower rental incomes on account of waivers / concessions in rent sought by the tenants and cancellation of lease agreement which is the major source of income for the Company. The Company's rental income subsequent to the quarter are back to the pre-existing levels and are expected to grow further post the pandemic. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration. The Company during the previous year, had analysed its liquidity position and the recoverability and carrying value of its assets comprising property, plant and equipment, investment properties, right of use assets, investments, advances, trade receivables, Deferred taxes, other financial and non-financial assets etc. Based on current indicators of future economic conditions, the company expects to recover the carrying amount of these assets. The situation is changing rapidly giving rise to uncertainties around the extent and timing of the potential future impact of the COVID-19 pandemic which may be different from that recorded as at the date of approval of these unaudited standalone financial results. Due to the nature of the pandemic and non-availability of necessary vaccine / treatment for its eradication, the Company will continue to be vigilant on various development / prospects in the future so as to insulate itself from any material adverse impact. 11. Figures pertaining to previous period(s) / year have been regrouped and rearranged, wherever necessary to conform to the classification adopted in the current quarter.
